WHAT ARE THE BENEFITS OF ADHERING?

PROVE YOUR COMPLIANCE

Foster trust and demonstrate your compliance with GDPR. Successfully going through the Code's assessment process is recognized proof that you have implemented crucial safeguards to protect your customers' personal data.

GET A CLOUD SPECIFIC SOLUTION

Translate GDPR requirements into actionable steps for your cloud service. You'll have clear guidance to ensure ongoing compliance and tackle well-known challenges like the right to audit and subprocessor listing.

SHOW YOUR EFFORT

Publicly showcase your company's data protection values and efforts to comply with GDPR. Positive reputational effects are the result of successfully completing the adherence journey.

JOIN THE ECOSYSTEM

The EU Cloud CoC already covers the vast majority of the cloud sector with 1250 services proudly wearing the EU Cloud CoC compliance mark. As a result, the Code has become a golden standard for showcasing compliance.

KEEP UP WITH STANDARDS

Stay up to date with the latest market and regulatory developments. The EU Cloud CoC is continuously aligned with new legal opinions and frameworks.

GET CONTINUOUS SOLUTIONS

Join the EU Cloud CoC community and benefit from the development of further compliance solutions. Complementary modules are being developed to tackle arising challenges such as international data transfers.

GUARANTEE COST EFFECTIVENESS

The EU Cloud CoC has a distinguished pricing scheme that leverages the interests of different company sizes and aspects of internal governance.

ACHIEVE PUBLIC PROCUREMENTS

Increase your chances to succeed in public tenders. The authorities are likely to take all the necessary security steps before conducting business with you. A robust proof of GDPR compliance plays a crucial role in the decision-making processes of public entities.

MAKE YOUR VOICE HEARD

Help shape upcoming versions and potential future chapters. As a full member, you get the chance to actively contribute with content creation and governace of the Code.

MINIMIZE YOUR RISKS

Mitigate legal uncertainties and significantly reduce the risk of receiving fines. The EU Cloud CoC is created with the input of regulatory authorities and has acquired their explicit blessing.

OPTIMIZE INTERNAL PROCEDURES

Revamp your day-to-day technical and organizational measures to match GDPR processing standards. The adherence assessment can significantly improve your overall compliance program.

EXPAND YOUR CUSTOMER BASE

Send a powerful signal to existing and potential new customers. Adhering to the EU Cloud CoC attests to your commitment to providing GDPR-compliant services, which is indispensable for maintaining and expanding your customer base.
